

Fire Station #21 Reroofing & Fascia Project

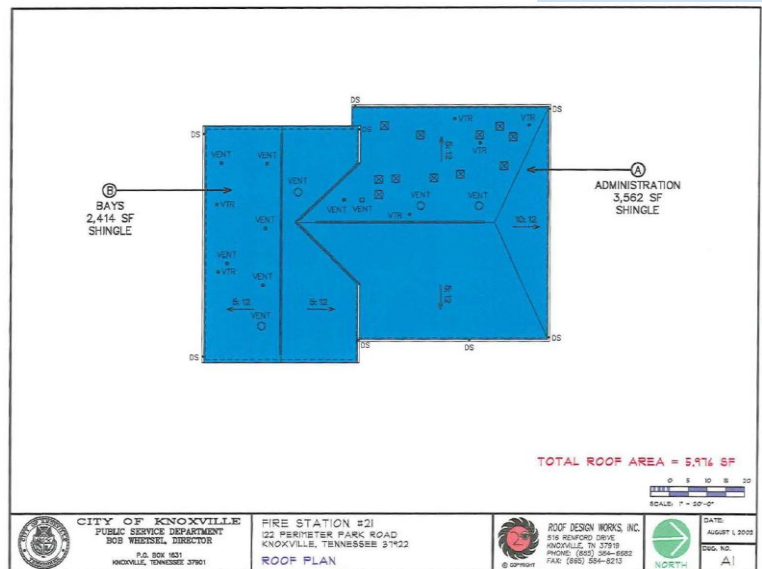

Project Description:

Fire Station #21 has an older, decaying roof and wood fascia that is in need of replacement. Through the past several years, Facility Services has patched and made repairs, but there continues to be issues and a full replacement is necessary.

This project replaces the asphalt shingle roof with a more durable metal roof, provides metal fascia and wrap, and replaces the gutters and downspouts.

John J. Duncan, Sr. Fire Station #21
245 Perimeter Park Drive
